

Compact Recreational Touring Kayak

ATLANTIS12

Every quality from the original 14 appears in the Atlantis12. This is a compact recreational touring kayak stylishly designed. It also contains innovative features such as the new comfort seat system and foot pedal, rudder steering. With the shorter length, this 12 foot kayak has greater maneuverability with stability and is very responsive to control. The Atlantis12 is best fit for light day touring, coastal and inland waterways.
