The Moken 13 was designed for the serious angler or diver who needs the performance and utility enabling them to travel to those locations others can't. Premium features include full cover bow lid with bungee pattern on the top for storage. Under the cover is large volume storage. Another premium feature is the new Feelfree rudder system that allows effortless control in all sea conditions. The most hardened professional will have a perfect day on the water with the Moken 13.
